

When you want to make a point!

In my opinion...
My opinion is...
I believe it to be...
I for one think...
I strongly believe...
Personally I believe...
I'm convinced that...
To my mind...

When you want to get depth or use facts to make a point

According to Mr Brown...
Some experts argue that...
It's a well-known fact...

When building a case:

First of all...	Secondly...	Finally...	Besides...
First...	After that...	To conclude...	Also...
For a start...	Next, ...	To sum up...	And the another thing is...
To begin with...	Thirdly...	All in all...	Furthermore...
At first ... (but)		So, in short...	Moreover...
Initially...			In addition...
			I might add...
			Perhaps I should mention...

When you want to say something in a different way:

In other words...
What I mean is...
What I'm saying is...
Don't get me wrong...
Let me put it this way....
Let me rephrase...

When giving a reason:

Because of owing to since	In view of the fact that	Consequently
The main reason why	Therefore	An effect of
The reason why	Thus (=sålunda)	On account of
Due to	The cause of	For this reason

Other expressions:

Her aim	Actually	We take for granted that
Her purpose	In reality however	Supposedly
Her intention	It may seem like	The truth of the matter is
Mind you (det ska du veta)	It seems as if	
	In fact
