

Hi!

As you already know; my name is Leila. I was born in year 1986 (omg! Stone age – right?), which makes me 35 this year. For the last ten years I have taught Swedish and English here at Husbygårdsskolan, and I am very happy doing so. What you perhaps do not know, and might find interesting, is that I am bad at remembering how to spell some words, both in Swedish and in English. I would love for those of you who are good spellers not to laugh, but to help me, whenever I use the whiteboard, if I make any mistakes. (Some mistakes are sometimes made not because I am a bad speller, but because it is always strange to write on a whiteboard, and sometimes letters magically "fall out" 😊)

I live in Odenplan and it takes me about 30 minutes to get to work. I am usually tired when I wake up, but as long as I get my coffee, I am happy.

I like interior design and, to me, it is important to have nice surroundings; I believe it makes us feel better and work better.

I am newly divorced and have a daughter named Ninni. We used to have a cat called Bobos (see pic. below), but sadly we had to put him down. He died, only 5 years old, the same day I moved to my apartment, the last day of August, the day before my 30th birthday. Believe it or not but my birthday was also the day I found out I would have Ninni. I have a new cat now, but I don't really like her because she messes up the furniture and once pooped on my white carpet.

Now I would like to know a little bit about you! Please respond to my letter with information about you! If you finish early, ask for a piece of paper, and draw a picture of yourself!

Best regards,

Leila

Ps, as a challenge:

Can you figure out how old Ninni is?
